- **Alcoholic volume:** 14 % Vol.
- **Total Acidity:** 6
- **pH:** 3.4
- **Volatile Acidity:** 0.31
- **SO₂ Free / Total:** 30 / 117

Winemaking

Grapes used for Maruxa Godello are a selection from our vineyards in the village of Entoma, Regueiron, Valdemioto and O Serro. Soils in these high altitude vineyards with a 30% of inclination are mostly slate.

Manual harvest in cases of 15 kgs to preserve the integrity of the grape. Once the grape arrives at the winery, they're cooled to avoid oxidation. Alcoholic fermentation takes place at controlled temperatures to ensure the wine preserves varietal aromas.

Harvest description

The 2018 harvest took place during the second fortnight of September. A dry summer provided full grape maturity and a fresh, aromatic harvest.

Yields have been lower due to rains during the bloom. It could be one of the best harvests of the last 10 years.

Tasting notes

Bright yellow straw color.

On the nose, intense and varietal, reminisces of mature white fruit and very mineral.

Balanced, silky, fresh and persistent on the palate.

Recommended service temperature 10°C.
